## **DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT**

**[Docket No.: FR-6216-N-01]**

### **Removal and Archiving of Additional Obsolete and Superseded Guidance Documents**

**AGENCY:** Office of the Secretary, HUD.

**ACTION:** Notice.

**SUMMARY:** This notice announces that the Department has completed a second review of administrative guidance and identified guidance documents that should no longer be in effect or are deemed unnecessary and obsolete as part of the Department’s implementation of Executive Order 13891, “Promoting the Rule of Law Through Improved Agency Guidance Documents.” HUD is removing and archiving these documents on HUD’s program websites to reduce compliance burdens, promote regulatory analysis, provide fair notice, and reduce administrative due process. The removal and archiving of these materials will make it easier for HUD constituents and members of the public to determine HUD guidance that currently applies. In some cases, documents may continue to be accessible in an online archive, such as for historical or research purposes. Guidance documents posted in an online archive shall no longer have effect and shall not be cited except to establish historical fact.

#### **SUPPLEMENTARY INFORMATION:**

On February 24, 2017, the President issued Executive Order 13777, entitled “Enforcing the Regulatory Reform Agenda.” See, 82 FR 12285. Among other things, section 2(iv) of this Executive Order requires agencies to terminate, consistent with applicable law, “programs and activities that derive from or implement Executive Orders, guidance documents, policy memoranda, rule interpretations, and similar documents, or relevant portions thereof, that have been rescinded.” Consistent with this Executive Order, the Department took steps to evaluate existing regulations and guidance to identify those that may merit repeal, replacement, or modification. See, e.g., 82 FR

22344, May 15, 2017 (seeking comments on regulations that may be outdated) and 83 FR 3635, January 26, 2018 (review of manufactured housing rules). As part of this effort, in 2019 the Department conducted a review of its administrative guidance documents and identified those that are unnecessary and obsolete. 84 FR 13695, April 5, 2019<sup>1</sup>.

On October 9, 2019, the President issued Executive Order 13891, titled “Promoting the Rule of Law Through Improved Agency Guidance Documents.” 84 FR 55235. Section 3(b) of this Executive Order requires each agency to “review its guidance documents and, consistent with applicable law, rescind those guidance documents that it determines should no longer be in effect.” The Department has conducted another comprehensive review as part of its continuing effort to comply with Executive Orders 13777 and 13891.

Due to the multiplicity of guidance documents, which includes large numbers of expired guidance documents, some of which date back many years, HUD has determined that it may be difficult for members of the public to readily determine which guidance currently applies to HUD-related activities. Furthermore, HUD’s program web pages provide a great deal of information about HUD’s policies, but may be difficult for the public and HUD’s constituents to use because they do not clearly delineate which policy documents are currently applicable. There is no single source that identifies HUD’s rescinded and expired guidance documents, with the result that it can be difficult to ascertain which guidance documents are no longer in effect. This may increase the difficulty and cost of compliance.

To reduce this burden and reduce costs of compliance, HUD identified guidance documents that are unnecessary and obsolete, expired, or should no longer be in effect. This notice announces

<sup>1</sup> Please note that in the Federal Register publication, the headings of the “Arch.” And “Remove” columns were inadvertently reversed.

that HUD is removing or archiving these identified guidance documents from its main program websites. This will result in a large reduction of documents that members of the public have to sift through to find relevant materials. For historical and research purposes, some of the former guidance may be placed into an archive. The archive will be clearly marked as such to avoid confusion. Guidance documents posted in an archive shall no longer have effect and shall not be cited except to establish historical fact.

In order to clarify which guidance documents are no longer in effect, the Appendices following this notice list the guidance documents that HUD is removing or archiving pursuant to this initiative. HUD, at this time, is removing or archiving 2,335 guidance documents. Removal or archiving of obsolete guidance documents assures the public that the documents posted on HUD's website are currently in effect, as required by Executive Order 13891.

**ENVIRONMENTAL IMPACT:**

This notice does not direct, provide for assistance or loan and mortgage insurance for, or otherwise govern or regulate, real property acquisition, disposition, leasing, rehabilitation, alteration, demolition, or new construction, or establish, revise or provide for standards for construction or construction materials, manufactured housing, or occupancy. Accordingly, under 24 CFR 50.19(c)(1), this notice is categorically excluded from environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321).
